**Davidson Homes**

**Business Address:** 2992 North Avenue

**Phone Number:** 243-3355

**Website:** [www.DavidsonHomesCo.com](http://www.DavidsonHomesCo.com)

**Member Name:** Darren Davidson

**Give us a brief description of your business:** We strive to create a comfortable, efficient and attractive home, while demonstrating that exceptional design, high quality workmanship, and affordable value that can still come together under one roof. Davidson Homes is comprised of a professional staff that provides quality service in all areas of construction. We believe integrity is a must, and it shows through our employees and sub-contractors.

**How many employees do you have?** 18 including 20+ sub-contractors

**Tell us about yourself:** Darren Davidson, founder of Davidson Homes started his construction business in Grand Junction in 1989 but it wasn't until 2003 he began building homes and has since become one of the largest homebuilders in the Grand Valley. When not found on the jobsite he enjoys spending time with his wife, Salina and their two children. He is a member of the Fellowship Church and is actively evolved in the Youth Ministry.

**What's unique about your business?** We do it all. New construction, custom homes, remodels and additions. We have commercial lots and buildings in Fruita and Grand Junction. We specialize not only in building home but also steel building construction.

**How do you benefit from being a member of the Housing and Building Association of Northwestern Colorado?** We enjoy networking with other HBA members as well as being involved in the Parade of Homes and Home Expo, it's a great way to expose our business.

**What is the latest project you're working on?** Mesa Estates Subdivision located at 28.5 Road and Hwy 50 on Orchard Mesa. All of the homes in this newest Davidson Homes development boasts full tile roofs with stucco and stone exteriors. With homes modestly priced from the mid \$200's to the low \$300's you won't believe what else we were able to put in as standard amenities. Just a few include beautiful tile and hardwood floors, 9 ft. ceilings, stainless steel appliances, raised panel cabinets, hand textured drywall and two tone paint. The low E windows, refrigerated air and extra insulation explain the energy efficiency of these homes. Every model portrays an open concept floor plan with a luxurious kitchen and dining room for entertaining. Every master suite includes trayed ceilings with a ceiling fan, walk in closet and 5-piece master bath. And the Salvation Army remodel.
